INFORMATION ON AUDIO RECORDINGS AND VOICE RESPONSE

Voice response

This is convenient for subscribers that would like to have information that hardly changes read in to callers prior to the live conversation. During the course of this, information may be provided on opening hours, the documents required for administration or on avoidable administration of unnecessary calls that can only be made in writing or in person.

Monthly fee	2790 HUF
Audio file service fee	6900 HUF

The above monthly fee includes the on-off modification of audio files communicated via the voice response.

Audio recording monthly fee

We automatically send an audio file of the calls received and managed in an email. The audio files are sent as attachments, which we send a few minutes after the call ends.

Fee for sending up to 1000 audio files per month	5560 HUF
Fee for sending up to 2000 audio files per month	7890 HUF
Sending over 2000 audio files per 1000 audio files	2290 HUF
Audio recording setting fee	9900 HUF

With regard to audio recording, it is an important rule that the caller must be informed at the beginning of the call that the call is being recorded and the caller must be given the opportunity to consent to this. This is why our audio recording services includes our interactive voice response service.

Other charges

Audio files are saved individually, but in groups from the system, which we charge based on the hourly rate of the time required to do this.

The prices quoted are exclusive of VAT.
